LOGO VERSIONS

Use the full-colour mark wherever colour is available. Use the black or white single-colour versions only where colour is impossible: rubber stamps, embossed seals, fax, photocopies, one-colour printing. In single colour the rising stroke merges with the letters, which is intended.

CLEAR SPACE

Keep empty space on every side equal to **x = ¼ of the mark's width**. No text, lines or images inside it.

COLOURS

Midnight Black
#030407 · RGB 3 4 7 · CMYK 0 0 0 100

Electric Cobalt
#1558C9 · RGB 21 88 201 · CMYK ≈ 90 60 0 0

Acid Lime
#D4FF24 · RGB 212 255 36 · CMYK ≈ 20 0 90 0

White
#FFFFFF

CMYK values are approximate. Lime cannot be printed exactly in CMYK; ask the printer for a proof. Font: **Inter** (website), Segoe UI as fallback.

MINIMUM SIZE

Mark: at least **16 px** on screen, **8 mm** wide in print. Mark + name: at least **120 px** / **30 mm** wide, below that use the mark alone.

DON'T
